# LOVE WHERE YOU WORK

## SENSEI SESSION with Sean Z. Becker

In the spirit of gratitude and personal growth, this series will provide opportunities to sit down with industry veterans and community leaders who will share their experiences and wisdom. [Join us for lunch with "sensei" Sean Z. Becker!](#)

Passionate about providing exceptional client service and armed with an intimate knowledge of the Portland housing market, Sean's career in real estate began in 2004.

His first role put him at the center of the condominium market, working on many of the high-rise complexes located in the Pearl District and Portland's South Waterfront. During this time he led a talented team of brokers and administrators, managing sales and operations at on-site showrooms. This experience proved to be a valuable education in anticipating and responding to the challenges unique to the Portland real estate market. By focusing on the big picture and high volume nature of inner-city real estate development, he was able to expand the reach of his clientele.

The culmination of his years of experience is now Sean Z. Becker Real Estate. He now focuses the majority of his work on representing individual buyers and sellers of single-family homes and condominiums in addition to continuing his work with urban developers.

Lunch will be served at 11:30

Wednesday, November 15th | 12–1pm | 1636 NW Lovejoy
